

**Bishop Lynch Lady Friar Basketball
2009-2010 Free Throw Program**

Dear Friends of Bishop Lynch Lady Friar Basketball,

We are extremely proud of our program and the traditions that have formed over the years as the national record holder for the most State Championships (26 with 12) in a row. Each year, we continue to build on the past with renewed enthusiasm and the efforts of our current Lady Friars. As we look to the future, our vision includes improvements and enhancements of our facilities, our program, and the experience of our student-athletes.

We would like to continue our excellence of "Mission Tradition," the Lady Friars Basketball motto.

You, your business, or a local business, pledges an amount (for example, \$.50 or \$1.00) for each free throw made by the squad you have chosen to support. Squads available for support this year are: Varsity, Junior Varsity, and Freshman. Over the course of the season (including tournament and post-season games), one can expect a squad to make between 175-350 free throws depending upon its number of games and success rate at the line. The money due will not be billed until March 2010, when the season is complete. The money is 100% tax deductible, as well.

To participate in the Free Throw program, please fill out the accompanying form and return it to the Bishop Lynch lady Friar Basketball office. Please keep the cover page a reminder of the upcoming season. Schedules will be mailed to the address provided as soon as they become available.

Your support of our program also allows current and future student-athletes to compete in a quality program and experience many positive aspects of high school athletics. Furthermore, this fundraiser does not detract from our players' schoolwork because the money is raised during the actual game competition.

If you have any questions, please contact the Lady Friar Basketball office at 214-324-3607 x109 and ask for Coach Andy Zihlman.

Thank you for your support,

Andy Zihlman
